Subject: Application for an IT-Related Position

Dear Hiring Manager,

I am writing to express my interest in applying for an IT-related position in the PNP. As an IT student, I want to use my technical knowledge to support law enforcement and help serve the community.

Through my studies, I have gained basic knowledge of computer systems, networking, database management, and MS 365. My school projects have also helped me develop problem-solving, teamwork, and analytical skills. I am willing to learn more about cybersecurity and other technologies used in law enforcement.

Thank you for considering my application. I look forward to the opportunity to contribute my skills and knowledge to the Philippine National Police (PNP).

Sincerely,

Ven Kurbie V. Matira
